In some sections men are making strenuous efforts to realize the evils of prohibition—free liquor.

Locals Amos B. Morse Co.

Did you read Morse's cash coal ad last week? If not it will pay you to read it now.

It is getting time to cut grain and we have the very best cradle and the best binder.

We have a splendid line of fishing tackle, seines, trot lines, boats, sinkers, bar lead, etc.

Our stock of sporting goods is up to the best in the country—bills, bats, mallets, and gloves.

One of our specialties is Wright & Dixon's tennis balls at 35c each.

A fresh lot of eating Irish potatoes just in.

Boys and men's cheap. Straw hats to suit everybody, including the girls, and it won't hurt your pocket to buy them.

Evaporated peaches and apples at 10c and 12 1/2c a pound.

A few seeded raisins and currants cheap.

We are showing a beautiful line of nice and cheap white goods.

See our summer lap robes before making your purchases.

We have a very fine feed for small chickens—you could try a little of it.

Ice cream set very low on sale. Also the nicest and driest package of table salt ever offered.

Amos B. Morse Co.

Storms and clouds and rain are essential but when they pass away the bloom of flowers and more beautiful things are seen.

The birds were sweet. "Intoxicate life rain must fall, some days must be dark and dreary."

God in His wisdom designed that there should be night as well as day; that there should be shadows as well as sunlight.

Did you ever listen to the song of the lark as he comes forth from his nest in the dawn of day? And then did you not pause and think, as the soul drank in the melody, of the eye rested upon the other beautiful beauty, the without the rain, storm and cloud, that preceded such a realization would never have awoken your soul.

Leveville News.

We can speculate on the effects of prohibition and the discrepancy, but the number of arrests for drunkenness are indisputable and incontrovertible facts. In forty days Anderson made 41 arrests. In the same time Abbeville made 16. So there you are.

Alarming.

The number of cases of sickness and death from palsy in this country is simply alarming. This disease is produced by the eating of corn meal in whatever manner it may be cooked. The poison, it is said, is imparted to the stomach whenever it may be in a receptive condition. The poisonous meal is made of Western corn which has been heated to its green or immature condition. In certain condition of the stomach a small quantity of the spoiled meal, it is said, may produce the fatal disease in a human being. We all know that spoiled corn will kill a horse.

Teachers Examination.

In response to the call a good number of teachers came to Abbeville on last Friday to take the teachers' examination.

The examination papers were very reasonable. No questions were asked that would not legitimately come under the purview of such an examination.

The questions were reasonably sane and pertinent. The following is a list of teachers who took the examination:

Misses Alma Wells, Lillian Killingsworth, Mary Baskin, Bessie Baskin, Annie Bell, Loh Wilton, Lily Loner, Reba Caldwell, and Sally McKinney.

Mr. T. P. Knox, Willie Bowman, Price T. Dixon, H. L. Dixon, and S. F. Ellis.
